

AMD CPU Cooler A402.B

With the new A402.B Performance C CPU cooler, we offer a compact yet powerful cooling solution for modern multi-core processors. The proven tower design combines high-quality direct-touch heatpipes with an optimized fin structure for highly efficient heat dissipation.

Improved airflow ensures strong cooling performance with pleasantly low noise levels. The PWM-controlled 92mm fan in elegant black automatically adjusts its speed, delivering the ideal balance between performance and quiet operation – even under heavy load.

Product Features

- Powerful tower cooler for current AMD multi-core CPUs
- Direct-touch heat pipes for particularly efficient heat transfer
- Optimized fin structure for improved airflow
- PWM-controlled 92mm fan in elegant black
- High cooling performance with pleasantly low noise levels

Technical Data

Sockets	AM5/AM4
CPU max. Watt	130W
Fan Size	92 x 92 x 25mm
Fan Speed	800 - 2000 ± 10% RPM
Air Flow	65.4 CFM
Fan Control	PWM
Noise Level	14.0 - 23.8 dB (A)
Thermal Paste	✓
Dimensions (H/W/D)	130 x 93 x 75mm
Weight	335g

Logistical Data

Manufacturer Number	A402.B
Item Number	XC325
EAN Barcode	4044953505713
