

## Seagate Exos X24 disque dur 20 To 7200 tr/min 512 Mo 3.5" SAS

**Marque :** Seagate

**Code produit:** ST20000NM007H

**Nom du produit :** Exos X24

Seagate Exos X24. Capacité disque dur: 20 To, Vitesse de rotation du disque dur: 7200 tr/min, Taille du tampon du lecteur de stockage: 512 Mo, Taille du disque dur: 3.5", Interface: SAS

| Caractéristiques                                          |                                    | Puissance                          |            |
|-----------------------------------------------------------|------------------------------------|------------------------------------|------------|
| Capacité disque dur *                                     | 20 To                              | Consommation électrique (Lecture)  | 9,8 W      |
| Vitesse de rotation du disque dur *                       | 7200 tr/min                        | Consommation électrique (Ecriture) | 8,2 W      |
| Taille du tampon du lecteur de stockage *                 | 512 Mo                             | Consommation électrique (idle)     | 6,5 W      |
| Taille du disque dur *                                    | 3.5"                               | Tension de fonctionnement          | 5 / 12 V   |
| Interface *                                               | SAS                                | Conditions environnementales       |            |
| Type *                                                    | HDD                                | Température d'opération            | 10 - 60 °C |
| composant pour *                                          | PC                                 | Vibrations en fonctionnement       | 2,27 G     |
| Vitesse de transfert de l'interface de disque dur         | 12 Gbit/s                          | Choc durant le fonctionnement      | 40 G       |
| Vitesse de transfert soutenu de l'interface de disque dur | 272 MiB/s                          | Choc hors fonctionnement           | 200 G      |
| Taux de transfert moyen du disque dur                     | 285 Mo/s                           | Poids et dimensions                |            |
| Temps de latence moyen                                    | 4,16 ms                            | Largeur                            | 101,8 mm   |
| Taux d'erreur non corrigéable Bit (UBER)                  | < 1 per 10 <sup>15</sup> bits read | Hauteur                            | 26,1 mm    |
| Capteurs de vibrations rotatives (RV)                     | ✓                                  | Profondeur                         | 147 mm     |
| Temps moyen entre pannes                                  | 2500000 h                          | Poids                              | 685 g      |
|                                                           |                                    | Informations sur l'emballage       |            |
|                                                           |                                    | Quantité                           | 1 pièce(s) |
